June 2, 2026

The Honorable Bob Hall

Texas State Senate, District 2

P.O. Box 12068, Capitol Station

Austin, TX 78711

RE: Request for Support — Exos Aerospace SEARF Direct Award (Texas Space Commission)

Dear Senator Hall,

As the State Senator for District 2, you represent Greenville and Hunt County — home to Exos Aerospace. As a U.S. Air Force veteran, you will appreciate that the request below is anchored to a strong AFRL endorsement of our Air Force TACFI proposal.

Exos Aerospace is an FAA-licensed reusable suborbital launch company headquartered in Greenville, Texas. On March 13, 2026, we received our FAA Reusable Suborbital Rocket launch license — making Exos one of only a handful of U.S. companies authorized to fly and recover a reusable launch vehicle. Our BLK3 vehicle is built and tested here in Hunt County.

The Air Force Research Laboratory (AFRL) — which manages our active Air Force SBIR Phase II contract — has issued a strong Letter of Support endorsing our pending Tactical Funding Increase (TACFI) proposal to advance our Rotating Detonation Rocket Engine (RDRE) flight-test program. To position Exos to meet TACFI's 1:1 non-SBIR matching requirement upon selection, we have submitted a $2 million Direct Award request to the Texas Space Commission under the Space Exploration and Aeronautics Research Fund (SEARF), pursuant to 10 Texas Administrative Code § 321.16, which authorizes matching-fund awards in extraordinary circumstances.

We respectfully request your support. Specifically, a brief letter from your office to Texas Space Commission Executive Director Norman Garza, Jr. — urging the Board to take up our Direct Award request at its next meeting — would carry significant weight. This program keeps high-skill aerospace and defense jobs in Greenville and strengthens Texas's leadership in the national space economy.

I would welcome the opportunity to brief you or your staff at your convenience. Thank you for your service to the people of our district.

Respectfully,

John Quinn

Cofounder & Chief Executive Officer
