DEF-ICF

1. Purpose

The Incident Reporting Format helps collect information swiftly required for reporting to the DIBNET as per the **PLAN-IR** ensuring compliance with DFARS 7012 requirements.

2. Scope

This plan applies to:

- All organizational systems and devices, including servers, workstations, and mobile devices.
- Incidents involving potential or actual unauthorized access, loss, or compromise of CUI.
- Personnel involved in incident response activities.

3. External Reporting

- Submit breach/cyber incident reports to the DIBNET
- Go to their reporting website at https://dibnet.dod.mil.
- Click on the big red button on the top right that says “Report a Cyber Incident” which takes you to https://icf.dib.mil/icf
- If these do not work, then use the below contact information to report the incident
    1. Email: DC3.DCISE@us.af.mil
    2. Hotline: (410) 981-0104
    3. Toll Free: (877) 838-2174
- Format of the Incident Reporting using the above portal
    1. DoD contractors shall report as much of the following information as can be obtained to DoD within 72 hours of discovery of any cyber incident involving covered defense information (CDI) systems or CDI information contained therein. Also, if any additional information is obtained after the initial Incident Collection Format (ICF) is submitted, you can select the initial ICF in your submission history and report any new or updated information via a follow-on ICF as per the table below.

1. Company name	Exos Aerospace Systems & Technologies, Inc.
2. Unique Entity Identifier (UEI)	CK24BPZGF854
3. Facility CAGE code -	7EMY6
4. Facility Clearance Level (Unclassified, Confidential, Secret, Top Secret, Not Applicable)	

5. Contract Number (Procurement Instrument Identifier (PIID))	
6. Company point of contact information (name, position, telephone, email)	John Quinn, Chief Executive Officer and Co-Founder, (972) 740-8355, jquinn@exosaero.com
7. U.S. Government Program Manager point of contact (name, position, telephone, email)	
8. Contract number(s) or other type of agreement affected or potentially affected	
9. Contracting Officer or other type of agreement point of contact (address, position, telephone, email)	
10. Contract or other type of agreement clearance level (Unclassified, Confidential, Secret, Top Secret, Not Applicable)	
11. Impact to Covered Defense Information	Yes/No
12. Ability to provide operationally critical support	Yes/No
13. Date incident discovered	
14. Location(s) of compromise	
15. Incident location CAGE code	7EMY6
16. DoD programs, platforms or systems involved	
17. Type of compromise (unauthorized access, unauthorized release (includes inadvertent release), unknown, not applicable)	
18. Description of technique or method used in cyber incident	
19. Incident outcome (successful compromise, failed attempt, unknown)	
20. Incident/Compromise narrative (Ex: Chronological explanation of event/incident, threat actor TTPs, indicators of compromise, targeting, mitigation strategies, and any other relevant information to assist in understanding what occurred)	

21. Any additional information	

4. Review and Update Plan

- Review annually and update definition as per the changes from the DIBNET official website or methodologies.
- Incorporate lessons learned and regulatory updates.
